

# WORLD WAR I HISTORICAL CHARACTER DRESS-UP

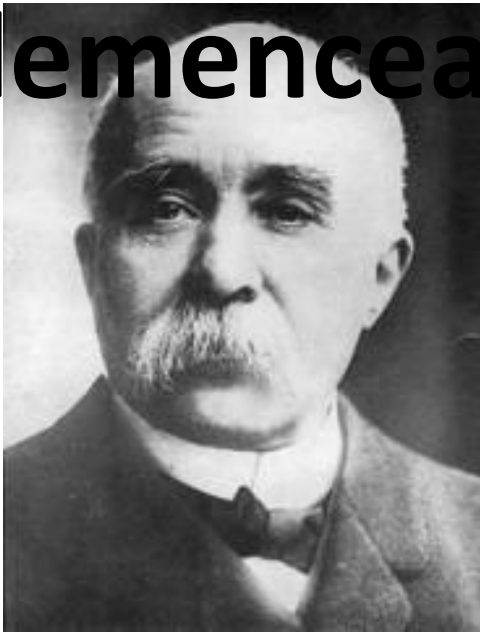

(for the [Classical Conversations](#) History grammar sentence, please refer to your [Classical Conversations Foundations Guide](#))

**Character Cards:** Cut on the single solid lines and fold on the dashed lines. This will create a double-sided card for each character. This can be used different ways: leave standing on the table in front of an assigned child to indicate his/her assigned character. Punch a hole on either side of the top corner of the card and string with yarn so they can be worn around the neck, or mount to a popsicle stick or straw so they can be held.

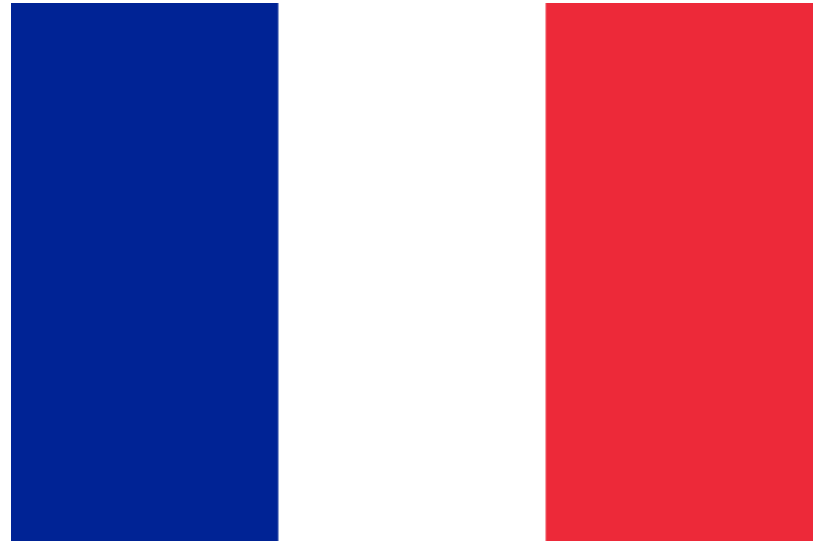

**World War I, 1914, and 1918 cards:** These are optional, but can also be cut out and mounted to a popsicle stick or straw to be displayed appropriately.

**“Dress-up” Cards:** Cut out the mustaches and eye glasses (be sure to cut out a circle in the inside of the glasses). Use cardstock and consider laminating if you plan to use more than once.
